**Precautionary Note Is Sounded as Headquarters Announces Amphibious Landings Forty Miles West of Hollandia**

**ONLY SPORADIC ENEMY AIR ACTIVITY IS SEEN**

Advanced Allied Headquarters, New Guinea, May 5—(P)—American invaders of Dutch New Guinea were on the alert today against expected counter blows by Japan's well-trained navy fliers.

As headquarters announced two amphibious landings which pushed the Yanks as far as 40 miles west of Hollandia, a spokesman sounded a precautionary note. He said there were indications the Japanese are throwing their naval aviation strength—their best pilots are reputed to be navy fliers—into northwest New Guinea sectors guarding the approaches toward the Philippines.

## LIBERATORS STAGE RAIDS OVER FRANCE

By AUSTIN BEA

London, May 5—(P)—American Liberators staged a series of raids on the "invasion coast" of France today in a before-breakfast raid, and then medium and fighter bombers and fighters took over the 21st consecutive day of the relentless pre-invasion bombing of Europe with attacks on rail lines leading Hitler's Atlantic wall.

Not a plane was lost in the several hundred sorties flown today, the third day American heavy bombers have battered France and Holland without loss. Of the few German planes that challenged the invaders, Spitfire fighters escorted Mitchell bombers shot down one.

The Berlin radio said that Allied Mediterranean bombers were over southern Italy this afternoon after last night's raid on Budapest in Hungary, but the report of the daylight attack had not been confirmed by Allied headquarters.

The four-engined sky giants roared across the English channel in a force officially described as small, indicating that fewer than 200 Liberators made the short hop to the area of France closest to Britain. They were escorted by probably an equal number of U. S. Eighth Air Force fighters.

Thunderbolt fighter-bombers of the Ninth U. S. Air Force attacked rail yards at Valenciennes and Omer in northern France under escort of Thunderbolt fighters. Once again, the Germans failed to put up even token resistance. Flak was only moderate. Returning pilots said not a single Nazi fighter was seen in the moderate overcast skies.

A middle east communiqué reported recent attacks on German shipping and airdromes in Crete, the Aegean Islands and the Greek harbor of Monemvasia. Two supply ships were set afire and planes on the Meleme airfield in Crete were damaged.

**Partisans Encircle Yugoslav Garrison**

London, May 5—(P)—Partisan forces have surrounded the Yugoslav town of Mrkonjgrad and are laying siege to the German garrison, which is offering strong resistance, a broadcast communiqué from the headquarters of Marshal Josip Broz (Tito) said today.

The war bulletin, studded with reports of successes, also told of partisan units smashing their way to Uzice, 75 miles west of Sarajevo on the main railway to Sofia, and wrecking the station, destroying the town and killing many enemy troops.

Tito's men have gone over to the counter-attack in Slavonia near Vucin and forced the Germans and Ustashi to withdraw, the communiqué said.

**Girl, 21, With Husband, 13, s Facing Abduction Charge**

Denver, May 5—(P)—A story of courtship conducted "after school and on holidays" was told a Denver county jail by a 13-year-old bridegroom and his 21-year-old wife where they awaited today the arrival of Los Angeles authorities.

The bride, Elaine Monfredi, asked "what difference does it make about our ages? We're in love." Her youthful bridegroom, Ellsworth Wisecarver, asserted his devotion, declaring "Elaine is my first and only sweetheart—I don't know how I could live without her."

Elaine and Ellsworth, both giving their ages as 21, were married April 29 in Yuma, Ariz. The bridegroom's mother, Mrs. Mildred

## SENATE FINDS CATCH IN NEW LABOR DRAFT

**Bill Designed to Force Four Million 4F's Into War Jobs Encounters Opposition**

**ENTHUSIASM IS LACKING**

Washington, May 5—(P)—A bill designed to force at least a million 4F's into war jobs ran up against strong opposition in the senate military committee today despite warm endorsements from the committee's counterpart in the house.

Senator Kilgore (D-WV) predicted the senate group would view the Bailey-Brewster "work or be drafted" proposal with the same lack of enthusiasm that has accompanied 18 months' consideration of the Austin-Wadsworth national service bill, applicable to both men and women.

This view contrasted with those expressed yesterday by Chairman May (D-Ky) of the house military committee, Rep. Costello (D-Cal) whose subcommittee recommended "work or fight" action to end labor or turnover, and Rep. Luce (R-Conn) author of two pending measures dealing with turnover.

Senate Committee Chairman Reynolds (D-NC), an opponent of national service, withheld a commitment, but promised "a vote by the committee one way or another within 30 days."

The measure would subject any draft registrant between 18 and 45 to induction into military or labor service if he shifts from essential to non-essential work without draft board permission.

In addition it would reclassify and draft for essential industry any of the 3,800,000 4F's deemed capable of performing necessary work.

Assistant Navy Secretary Ralph Bard, endorsing the bill along with Maj. Gen. Lewis B. Hershey, Selective Service director, and Undersecretary of War Patterson, told the senate committee yesterday there are 1,000,000 men under 38 classified as 4F's "who are not engaged in essential war work."

Bard declared that when word went out that the induction of men over 26 was being stayed, there was a sharp increase of 4F's going into non-essential industry.

**Death of Adm. Koga Reported By Tokyo Radio**

New York, May 5—(P)—The Tokyo radio announced today that Admiral Mineichi Koga, commander of the Japanese combined fleet, had been killed on active duty, less than a year after his predecessor, Admiral Isoroku Yamamoto, had met a similar death.

A broadcast recorded by U. S. government monitors quoted an imperial headquarters communiqué as saying that Koga had "died at his post in March of this year while directing general operations from an airplane at the front."

The wording of the communiqué bore a striking similarity to a Tokyo communiqué of May 21, 1943, announcing the death of Yamamoto in a warplane the previous April "while directing general strategy on the front line."

A later broadcast said that Maj. Gen. Kumao Oohashi and Maj. Gen. Yoshitada Shimokawa had died in April of illnesses contracted "while on active duty."

Ohashi, whom the broadcast described as "chief of staff of a front line army corps" and as "head of an army unit in China," was said to have died on April 14, while Shimokawa, "commander of a unit on the front," died on April 19.

**BODY IN TRUNK**

Los Angeles, May 5—(P)—The body of a woman, police said, was found today in a trunk shipped from Chicago to the Railway Express Company office here. The trunk was taken to the morgue where the torso was to be examined. Investigators said they had not yet determined by whom or to whom the trunk had been shipped.

**HIGHWAY FATALITY**

Indianapolis, May 5—(P)—Death of Sgt. James McDougall, Murray, Ky., in an Indianapolis Gap military hospital yesterday was the second fatality in the collision of an automobile and coal truck near here last Saturday night.

## Session Is Fourth Briefest in History

Harrisburg, May 5—(P)—Scheduled adjournment of five-day special soldier vote legislature today will mark it as the fourth briefest session in history of the commonwealth.

Other short assembly sessions and the reasons for the call were:

1797—Two days to enable compliance with a requisition by the United States for \$10,000 militia.

1934—Nine days, to finance relief.

1936—Five days, unemployment compensation.

## Swift Action On New Levy Bill Expected

By FRANCIS M. LE MAY

Washington, May 5—(P)—The taxpayers dream—of a March 15 without fearful figures and dismal decimal points—came nearer today. The house met to give overwhelming approval to legislation simplifying the tax statutes for 50,000,000 persons.

Leaders expected the measure to pass before nightfall. It then will be sent to the senate, where swift action is also expected.

Drawn by the House Ways and Means Committee, the bill would relieve some 30,000,000 of the 50,000,000 taxpayers of the necessity of ever computing another income tax return, and simplify payment procedures for the 20,000,000 others.

Beginning next January 1 the present withholding system against wages and salaries would be revised—upward for most taxpayers—to take the full tax liability for persons earning up to \$5,000. Thus, the withholding levy would become in 1945 the actual tax for these millions of persons, and they would owe no more at the end of the tax year.

There would be no change in amounts held from pay envelopes and salary checks this year, but the government itself would compute the taxes on 1944 income for those with wages and salaries under \$5,000.

**28 PASSENGERS IN BUS GIVEN DUCKING**

Miami, Fla., May 5—(P)—A canal bank fisherman was killed and 28 bus passengers were given a ducking today in an accident that involved a bus and truck on the Tamiami trail about 25 miles west of Miami.

The bus driver, David Lewis, and three passengers, were treated at Jackson Memorial Hospital here.

The bus plunged into the roadside drainage canal, it was reported, and no lives were lost aboard it and no other passengers required hospital treatment.

The fisherman was not immediately identified.

**DIVIDENDS VOTED**

**TEACHERS TO END STRIKE**

Pittsburgh, May 5—(P)—Teachers at West Deer township's school will vote tonight whether to end a three-day strike that has meant a holiday for most of the township's 1,900 students.

**Accounting Board For Lend Lease**

Washington, May 5—(P)—The senate took up the lend lease extension bill today with what amounted to an assurance from President Roosevelt that the administration intends to tighten its bookkeeping on the program.

Along with a report that lend lease and other forms of United States expenditures abroad, including Army and Navy spending, had reached \$30,362,687,362 as of April 1, the senate appropriations committee made public a letter in which the president ordered the establishment of a central clearing house to keep track of overseas outlays of various government agencies.

Mr. Roosevelt ordered the accounting agency set up in the foreign economic administration headed by Leo T. Crowley, and said it would develop "comprehensive and consistent reports on foreign transactions so essential to the planning and operations of our government in the future."

## LEGISLATURE MAKES MARK FOR HARMONY

**Bi-Partisan G-I Ballot Program Is Adopted Unanimously by Both Houses In Five Days**

**AMENDMENT APPROVED**

**BULLETIN**

Harrisburg, May 5—(P)—The 1944 special session of the Pennsylvania legislature adjourned finally today just four days, two hours and 15 minutes after it convened May 1 at noon to enact soldier vote legislation.

Harrisburg, May 5—(P)—Governor Martin today presented pens used in signing the soldier vote bills to GOP Chairman M. Harvey Taylor, Democratic State Chairman David L. Lawrence.

By WICK TEMPLE

Harrisburg, May 5—(P)—The Pennsylvania general assembly enacted soldier vote legislation today under which the state's service men and women throughout the world need only mark their ballot this fall, make an affidavit and mail both back—the home front handles all the spade work.

Setting a record for harmony in legislative history of the Keystone State, both Republicans and Democrats joined to pass the bi-partisan G-I vote program unanimously in five days—the minimum necessary under the state constitution which requires three days' consideration of bills in each house.

Final action on the soldier vote legislation—hailed as the most liberal in the nation—was taken by the house in approving minor amendments inserted by the senate a short time after that branch passed the bills by a resounding 48-0 vote. The house approved the program 201-0 on Wednesday.

Setting a precedent in legislative history, Governor Martin signed the bills in the house chamber at a joint session of the representatives and senators. Assembly officials said it was the first time a chief executive of the state ever appeared before the legislative branch to sign bills.

## Dismissals Of Ward Workers Are Restricted

**BULLETIN**

Washington, May 5—(P)—Rep. Allen (R-Ill), urging passage of a resolution to investigate the Montgomery Ward plant seizure in Chicago, told the house today the "American people were practically 100 per cent" opposed "to that action of the government."

Chicago, May 5—(P)—Employees of the government-controlled Montgomery Ward and Company's Chicago properties, under new regulations contained in a federal poster, may be dismissed by company officials without government approval.

The new rules posted in the big mail order house were disclosed yesterday after the arrest of a company official as he was removing one of the placards. They set forth that dismissals of employees since the government took control April 26 were voided and none would be valid without approval of federal officials in charge of the facilities.

Agents of the Federal Bureau of Investigation arrested the company executive, Paul D. Sowell, assistant mail order operating manager. Arranged before U. S. Commissioner Edwin K. Walker on a charge of "taking, purloining, stealing or injuring property of the U. S. government," Sowell pleaded innocent and was released on a \$250 bond pending a hearing May 11.

Judge Holly announced his decision in the injunctive dispute would be given Wednesday instead of Monday, as previously planned.

Springfield, Ill., May 5—(P)—About 450 employees of the Hummer Manufacturing Company, a subsidiary of Montgomery and Ward Company, stayed away from their jobs today.

John A. Saxer, plant manager, said the men were members of the International Association of Machinists (IAM) and "gave us no information and haven't told us yet why they're out."

## Six Months' Quarantine On Dogs Provided In Ordinance

At a special meeting of the Town Council held last evening, final passage was made of an ordinance to control dogs of the city, due to the outbreak of rabies here. The ordinance, which was prepared by City Solicitor Sidney Blackman, provides for a six months quarantine on all dogs.

According to the provisions of the ordinance, all dogs are quarantined for a period of six months, effective yesterday. During that time the dogs must not be off the owners' premises except when on a leash or under control. All dogs that bite must be held for 10 days under observation of a veterinarian and any violation will be punishable with a fine of not less than \$5 nor more than \$100 or 30 days' imprisonment, or both, at the discretion of the magistrate.

Some discussion was indulged in relative to the matter of cats being included in the ordinance, but it was felt that, should occasion arise, this feature could be included later, as the laws on the state statute books relate mainly to dogs. Cats, however, can suffer from the disease and reports from Erie indicate that felines there have proved a menace and have bitten many persons.

Appropriations for the observance of Memorial Day were also passed.

Police and officials are of the opinion that the dog which bit little Carol Van Blois, 425 Conewango avenue, was suffering from rabies. The animal was picked up by police after it had bitten the child and confined in a cell at the police station. It was held for observation and developed what are considered to be distinctive symptoms of rabies. It refused to eat, became vicious, snapping at anyone who approached and biting the bars of the cell.

Yesterday afternoon the animal was destroyed and the head was sent to Harrisburg for examination. A report by telegraph is expected this evening by the authorities.

Agents of the Department of Animal Industry in the city are calling on scores of residents and are making a careful check on all dogs in this vicinity to ascertain whether or not they are licensed, and all unlicensed dogs will be destroyed. Licensed dogs found running at large will be picked up and the owner fined under the provisions for the new ordinance passed last night by council.

The authorities consider the situation a serious one, as no one knows what dogs have been bitten and the fact that animals in the upper Conewango section have shown distinct rabies symptoms and several have reacted to tests at the Harrisburg laboratory that section is receiving attention. A dog owned by a Venturatown man also displayed rabies of a positive type and how many dogs in that section have been bitten is not known.

To the end that the spread of the disease might be checked, the quarantine established will be rigidly enforced, and the borough police have been instructed to pick up all dogs found on the streets and to enforce the ordinance to the letter.

**Fighting Renewed On Italian Sector**

Allied Headquarters, Naples, May 5—(P)—A renewal of fighting on the Adriatic end of the Italian battle line was announced today in a headquarters statement which said that a German raiding party penetrated Eighth Army positions in the Ortona area and was driven off in sharp skirmish.

Both sides suffered casualties as the Allied forces restored their positions, the announcement said. Allied and German artillery traded punches in the Cassino area of the Fifth Army's main front.

**GOVERNOR PROCLAIMS MARITIME DAY MAY 22**

Harrisburg, May 5—(P)—Maritime Day "in honor of the gallant heroes of the sea, the officers and men of the American Merchant Marine and the loyal shipbuilders of our nation" has been proclaimed by Governor Martin for Monday, May 22.

The executive also urged churches to hold special services Sunday, May 21, "in tribute to the more than 5,000 officers and seamen of the Merchant Marine who have given their lives at sea in the service of our country."

**Probing Attacks On Russian Front**

London, May 5—(P)—German probing attacks southeast of Stanislavow and south of Traspol were thrown back yesterday for the second successive day as the lull in ground fighting continued along other positions of the eastern front, Moscow announced today.

Near Stanislavow in the southeast corner of old Poland German attempts to reconnoiter Soviet positions were beaten off in the morning and a Nazi attack against one Russian unit was hurled back in the afternoon, a Soviet communiqué said. It asserted that about 800 Germans were killed and 12 Nazi tanks were destroyed.

Chicago, May 5—(P)—Charlie Grimm, after a telephone conversation with Phil K. Wrigley, owner of the Chicago Cubs, today said he had agreed to become Cub manager and to sign the contract.

## BROKEN BRAKE BEAM CAUSES 14-CAR PILEUP

**Valuable Lend-Lease Material Assigned to Russia Involved in Accident Early Today**

**CREW ESCAPES INJURY**

Damage roughly estimated at \$500,000 was done this morning when 14 cars of a doubleheader westbound freight train piled up on Sheffield at 5:30. The train was a heavy freight and a brake beam broke and dropped down. It dragged for about half a mile and at a switch derailed the cars. Some of them were laden with lend-lease supplies, two were loaded with merchandise and six were gondolas on which were locomotives.

The tracks were torn up badly and the rails were twisted as the cars were thrown helter skelter along the right of way. Several of them were tossed up against the Pennsylvania railroad freight house and crashed through the platform. A 1938 Ford automobile which was parked alongside the freight house was jammed up by one of the cars and badly damaged.

For a distance of several hundred feet the railroad cars, the locomotives and tenders were piled up along tracks while packages of merchandise were strewn over a large area.

The train was drawn by two locomotives, crews of which were Engineer O. M. Heaton and his fireman R. P. McQuiston, of Erie, and the other engine crew, Engineer C. E. Epps and Fireman H. A. Getchell, also of Erie. Conductor Peters, of Erie was in charge of the train.

It was a fast freight carrying much lend-lease material, running at quite high speed when the accident took place. Fortunately no one was injured.

The first cars left the rails near the tool house of the section crew at the east end of the Sheffield freight yards and they bumped along the rails and ties for some distance. Several of the cars carrying the damaged locomotives were thrown at right angles to the tracks, others were upended and jammed together into a mass of wreckage and debris.

Wrecking crews from Kane and Erie were called and went to work to clear the tracks. Big cranes swung the wrecked cars high in the air and loaded the broken locomotives onto flat cars. Many of these engines are in such shape that they can be quickly repaired. It will be several hours before all the debris is removed and traffic can again use the tracks.

The Northern express from the east, known as 581, was routed from Johnsonburg to Riverside Junction over the E. & O. to the Buffalo Division of the F. R. R., and into Warren. The eastbound passenger was detoured over the Buffalo division to Olean and Emporium. One of the Schaut buses from St. Marys brought passengers to this city from points along the line west of Emporium. It also carried passengers for Kane and points west of Emporium back on its return trip.

A large crowd of spectators was attracted by the wreck and State Police were stationed at the scene to keep traffic moving and prevent accidents among the large number of automobiles that halted on Route 6.

Captain W. P. Merritt, of Erie, of the Pennsylvania railroad and Sgt. Steve Mucha of Warren, arrived early to take charge of the investigation.

## Ptomaine Is Suffered By Latin Pupils

School authorities and Dr. E. S. Briggs, school physician have been busy this morning making a check of 35 students of the High and Beauty Schools who last night suffered an attack of what may have been ptomaine poisoning.

Dr. Briggs stated today that he had carefully gone into the menu served at the YWCA and felt that perhaps there were only two possible sources for the sickness of the students. These were canned peas and ice cream sherbet. However the Zonta Club with 20 in attendance were served the identical menu enjoyed by the young people and none of them developed any illness.

It has also been discovered on a check being made that none of the students who were ill a number had eaten at another place later in the evening. The check is to be made of all who were ill to ascertain if they too had partaken of food at another eating place later in the evening.

None of the students are seriously ill although most of them received medical care.

## TIMES TOPICS

Announcement is made today that effective on Monday the local war prices and rationing board will be open to serve the public daily from 10 a. m. until 4 p. m., operating through the noon-time lunch hour but closing one hour earlier in the afternoon.

### RAIN AT IRVINE

While the weather man sort of scattered his showers yesterday, Warren was let down with only a few raindrops. Irvine, on the other hand, had a real thunderstorm with a heavy shower. In the direction of Kane rain also fell and some heavy showers were experienced.

### INSPECTION PERIOD ON

Automobile owners are warned that the inspection of all cars is now under way, having been started this week, and will end July first. After that date no cars will be allowed on the road unless they have inspection stickers attached to the windshield as required by law.

### TO GREET PASTOR

The board of administration of St. Paul's Lutheran church has planned a pleasant informal reception at 7:30 p. m. Tuesday in the church in greeting to the new pastor, Rev. Nore Gustafson, and members of his family just arriving from Stamford, Conn. All members and friends of the parish are cordially invited to be present.

### MILLAGE IS SET

Warren county commissioners this morning set the millage for the coming year at the same as that of last year. The millage to be the basis of the tax levy is four mills for county purposes and four mills for the institutional district. In the face of rising costs, the commissioners have done well to refrain from any increases, as has been done by many counties in the state.

### SUMMER ROUNDUP

The North Warren PTA is sponsoring a summer roundup of pre-school pupils at the church from 9 a. m. until noon next Tuesday, when parents are invited to bring their children for physical examination by the staff of nurses and physicians to be in attendance. The committee in charge is anxious for a large crowd, since the number already signed up will not be sufficient to do the job in one day. ## Memorial By Pomona Grange Held At Youngsville Meeting

Youngsville, May 5.—With the beautiful and impressive fifth degree ceremony last evening, Warren County Pomona Grange No. 10 closed an interesting and helpful day's program with Brokenstraw unit entertaining.

Highlights of the day's program included the address of welcome by Mrs. Ella Culver, master of Brokenstraw Grange, and the response by Mrs. Martha Houghwot of Lander.

The home economics hour was conducted by Mrs. Nina Haight, who read two appropriate poems, "Wee Fisherman" written by Miss Ada Downey, a former Youngsville resident who now spends many of her summers here, and "Vitamin A" which served as a prelude to the instruction of Mrs. Thelma Prendergast, home economics extension director, who talked on "Canning in 1944." After a very fine dinner in the grange hall, the afternoon session opened with devotions led by Rev. C. M. McIntyre, of Youngsville and

### TWINS SIX DAYS OLD

Phoenixville, May 5.—(P)—The condition of the Siamese twins remained the same today as the two tiny blonde girls entered their sixth day of life.

Their temperature hovered between 103 and 104 degrees and their weight was down to eight pounds, four less than when they were born.

## It Happened In WARREN—48 YEARS AGO

This is the THIRD of a series of pictures of Warren 48 years ago—in 1896—when life was more leisurely, entertainment more naive, and names-in-the-news recall the happy times of an earlier generation. The following are quoted from the Warren Evening Mirror, 1896:

How quickly popular songs are forgotten. A few years ago "Three Little Girls in Blue," "After the Ball" and "Sweet Marie" made their publishers barrels of money, but the tunes have been played out and their words forgotten. So musical glory passes away.

## Goodwill Hill Oil Properties Change Hands

According to the Titusville Herald, announcement was made yesterday that Northern Ordinance Incorporated, which has been acquiring oil properties in this region during the past several months, had bought the Goodwill Hill properties of L. C. and R. Bruce McKinney. While the final papers were signed only yesterday, the change is effective as of May 1, and the new owners are already in control.

Involved in the transaction are about five hundred acres, all of it in fee except 90 acres of royalties. The properties, formerly the Chamberlain, are in the townships of Southwest and Eldred and the borough of Grand Valley, all in Warren county. They adjoin the National Petroleum Co. properties, already owned by Northern Ordinance.

There are 126 producing wells, but the amount of daily production was not learned. It is expected the properties will be operated intensively.

It is understood that the McKinney properties will be the last acquired by Northern Ordinance at present. The original plan was to purchase several other tracts, but drilling requirements were considerably larger than the new owners could carry out, as a consequence of labor shortage. Operations on the properties thus far are proceeding vigorously.

## ESCAPE from PARIS

by Marion McClure Stewart

### Chapter 33

FRANCOIS MORIN was a retired Captain of the French Merchant Marine, who since the invasion of France had devoted his time and energies to help any Frenchman who wanted to escape the Nazis.

Prior to the surrender of France, with the help of a comrade, a Civil Engineer, who had since joined the Fighting French army, he had constructed the tunnel that now formed the headquarters in this underground district, and provided a refuge for those who were fleeing the country. This work had been undertaken first as an air raid shelter, but after the fall of France had been developed on a larger scale. It had been carried out chiefly at night, and no pains had been spared to keep the matter secret.

"Le petit Capitaine" loved and respected by fisherfolk and farmers alike, as inflexible in nature as he was in build, lived alone in the grey stone cottage, a hundred feet distant from the tunnel, except for his old servant, Gaspard Lemoyne. Gaspard kept the cottage clean, cooked the Captain's meals, and looked after his comforts.

Behind the cottage was an extensive vegetable and flower garden, flanked by apple, pear, and plum trees, and several out buildings. One housed a chicken coop, and a small one an enclosure for carrier pigeons. A larger one in size was a tool house, that contained hand carved models of sailing ships which the Captain made. There was a wood stove to take off the chill on fall and winter days.

It was not unusual to see smoke issuing from the two stacks projecting from the tool house roof, and to others there was no special significance. However, one smoke stack was connected with a pipe proceeding underground from the tunnel.

BUT it was not without meaning to pilots of passing Allied reconnaissance planes, who by a prearranged plan, had agreed to regard it as an S.O.S. signal—that fugitives were hidden in the tunnel.

Three days had passed since Adrienne, Raoul and Charles had

taken refuge there. And except for the enforced confinement and lack of fresh air and sunshine, it had not proved unpleasant. Comfortable meals were served to them by Gaspard from a kitchen at the rear of the passage.

They read, and played solitaire in the living room. The stove kept them comfortable. And at night the Captain and one or two of his friends joined them for a game of poker and a glass of wine before retiring. During these gatherings Raoul gave Morin a detailed account of the work in Paris.

Adrienne's inquiries made privately to the Captain in regard to Johnny's escape, gained him information that he had been picked up safely by a reconnaissance flying boat, and had since sent word in code from a Portuguese port of having rejoined the R.A.F.

On the evening of the third day Adrienne, Raoul and Charles were interrupted in a game of besique by the Captain standing in the doorway.

He told them his signal had been received that afternoon by the pilot of one of the British reconnaissance planes. The latter had dropped a message; he would return and despatch a boat to pick up the fugitives at three-thirty the following morning.

The site had been selected because it was not fortified by the Nazis save for a pill box and guns implanted at intervals on the hilly coast of the lower town on the opposite side of the harbor, and anti-aircraft batteries stationed beyond the natural fortifications.

SLEEP was not possible for Adrienne that night. What fate lay in store for Johnny and herself? She had not undressed and had fallen into a brief doze, when the Captain's voice roused her. The weather was damp and he suggested she should wear an oilskin coat over her overalls, with an oilskin hat pulled down over her head.

The Captain, Raoul and Charles

Raoul's arm, following their fisherman guide, Jules Latourneau, and Charles, as the former conducted them along the rough unfrequented country road, winding between fields fringed with poplars, leading to the coast.

For some time they traversed this road which led to the fortifications of the upper town. In the darkness of the night obscured by clouds, no guide but one accustomed for a life time to the lay of the land, could have found the way.

The salt air reached them suddenly from the Channel as they climbed the rock hewn steps which led to a path descending to a cove, flanked by rocks and bordered by sands. It was full tide and the sea was tranquil.

When Jules had directed them to take shelter behind a ledge of rock projecting into the water, he suddenly straightened and listened intently as the hum of planes returning from high raids over Germany, came to them. Invisible in the overcast sky they peered in quick succession.

The ensuing silence was abruptly broken by the drone of another plane. Nearer it came, its dim outline gradually becoming visible through a slight rift in the clouds, followed by a pursuing plane which had opened fire. "A Messerschmitt in pursuit," muttered Latourneau.

THE reconnaissance plane apparently hit by a shell, was returning the enemy's fire when a Spitfire appeared out of the clouds with a burst of fire. It raked the tail of the Messerschmitt which lurched into a spin. The flying boat was descending to a lower altitude. Overhead anti-aircraft firing came to them from the Nazi coastal batteries.

In the sudden radiance of a searchlight thrown out by the anti-aircraft battery across the harbor, it was probable that the fugitives' hiding place had been disclosed to the Nazi sentry stationed in a pill box not far distant on the right side of the cove. They were no longer in doubt of this fact as he came running towards them. Pausing to take aim he fired and his bullet pierced the heart of their fisherman escort, who fell at their feet.

To be concluded

#### HELP FOR PRE-INDUCTION MEETINGS

During the last sixteen months Pre-Induction meetings have been conducted monthly by the local Y. M. C. A., with the help of a number of cooperative individuals and organizations, providing a valuable source of helpful information for the Selectees of both Selective Service boards of Warren County. Seven hundred selectees have benefitted directly from these meetings to date.

One feature of these meetings has been a social period, with a light luncheon served. The refreshments have given added pleasure to the event and encouraged good fellowship. This is the part of the meeting in which various organizations of the community have participated, by providing and serving the refreshments. Those who have performed this worthwhile service have properly felt that they were doing something for their boys who were about to enter the armed forces of their country.

For a time there was a waiting list of organizations which desired to render this service. The list has now been exhausted and the purpose of this article is to invite organizations which have not rendered this service to volunteer to do so. The Y. M. C. A. has borne all expense for postage, office work, equipment, and general over-head costs, and has also provided the luncheon twice. Other organizations which have to date rendered this service are:

Business and Professional Women's Club, Y. W. C. A., First Methodist Bible Class, Elks, Rotary Club, Kiwanis Club, Zonta Club, D. A. R., Woman's Club, Senior Service Scouts (girls), American Legion Post, and Veterans of Foreign Wars. Some of these organizations have expressed a willingness to repeat on the service, but before this is done, it is believed that there are other church, civic or fraternal groups which would be glad to provide this pleasure for our selectees. A host group is needed at once for the May meeting. Contact should be made with the Y. M. C. A. office.

#### PLASMA CHAMPS

We hope that there will be no strain on Russo-American relations as a result of the very understandable pout that Edward (Spike) Howard, ex-wrestler and strong man, is wearing. Mr. Howard, who claims to have given 1102 blood donations in 15 years, read where Tass, Soviet news agency, proclaimed a Moscow railroad man the world's champion blood giver after 141 donations.

Since Mr. Howard is a modest man, he can't blame Tass for never having heard of him.

But a hundred or a thousand, they are still magnificent humanitarian contributions that few of us can hope to approach. All we can do is remember them as we contemplate our own record of donations, and remember too that the need for blood does not stop.

The next visit of the Buffalo unit of the American Red Cross Blood Bank to Warren will be May 15 and 16.

#### FOR THOSE LEFT BEHIND

(From the Trinity Memorial Episcopal Church Bulletin)

Heavenly Father of all families, we entrust to thee the care of parents and kin who have sent their men way into our country's service. May the morale of those homes be founded upon the sure confidence. Especially would we pray for all those men are out of touch because of sealed orders, or siege, or delay in transport, or wounds, or the last great sacrifice. Pour out thy love upon them and supply them with thy comfort and compensation; through Jesus Christ our Lord. Amen.

This will answer a question that is heard quite frequently these days: If the Republicans nominate New York's Gov. Thomas E. Dewey or Minnesota's former governor, Harold E. Stassen, they will have the youngest presidential candidate in the history of the party. Should either be elected president, he would be the nation's youngest chief executive. Dewey would be 42 years, 9 months and 24 days old when inaugurated—25 days younger than Theodore Roosevelt when he first took office. Stassen would be only 37, beating Teddy's record by more than five years.

Go to church Sunday. You may not have another opportunity to attend regular worship before Invasion Day.

## All Done But Filling In the Blanks

## Washington in Wartime

By JACK STINNETT

WASHINGTON—The favorite topic for political speculation around Washington these days is: What is Wendell L. Willkie up to?

This speculation is based on several factors: (1) Willkie is no quitter. His political and business activities from college days are proof of it. Even if he were given to sudden and impetuous changes, it's impossible to conceive of his embarrassing those who have stuck with him for four years by taking himself out of the national political picture.

(2) Close observers here say that there was never any possibility of Willkie's capturing a majority of the Wisconsin delegates and that he was well aware of it.

THE conclusion can only be that Willkie has something up his sleeve and had it there before the Wisconsin primary took place. Willkie hasn't even breathed what that something might be to his most loyal supporters. Observers believe that he won't say anything to tip his hand before the Republican convention.

In recent months, Willkie must have concluded his strategy was wrong; that pursuing his mapped political path would get him nowhere; that he could do more good for himself and his political beliefs by doing a complete about-face. If that is true, what then is this new strategy?

Observers here in both Republican and Democratic ranks esti-

mate that Willkie might possibly swing from five to ten million votes by vigorous campaigning for one presidential candidate. In a year when the total votes cast for president may run only 40 to 45 million (about 10 to 15 million under normal) three or four million votes could swing the balance of power.

IF WILLIE can swing only that many votes, it is certain he or his representatives can go into the Republican national convention in June with assurance of a big hand in picking the candidate and writing the platform. If the GOP convention strategists ignore him, they may be dashing all hope of putting a Republican in the White House or even of gaining control of the House.

Some politicians here think he may be angling for a cabinet post, perhaps secretary of state, where his international ideology could be given free rein. Others think he merely wants to be a behind-the-scenes power.

In any event, Willkie's withdrawal boomed Gov. Dewey's stock to an all-time high, which Mr. Dewey well may not like. If Dewey should be nominated in June and defeated in November, it would be a setback to the most meteoric political career this country has seen in years. Willkie's withdrawal also has dashed the hopes of backers of Gov. Bricker and Gen. Douglas MacArthur who were praying for a convention deadlock to bounce their men into the picture.

for violations of the provisions  
hereof.

WHEREAS, due to the prevalence  
of rabies or hydrophobia in  
communities adjacent to the Bor-  
ough of Warren, it is deemed nec-  
essary as a measure for the protec-  
tion of the health and persons of  
citizens of the Borough of War-

quarantine upon dogs running at  
large or not under proper control  
their owners.

NOW, THEREFORE, BE IT  
ENACTED AND ORDAINED BY  
the Borough of Warren, Pennsylv-  
ania, and it is hereby enacted and

DETAIL FOR TODAY

Star Gazer

The general's orderly is called a  
STAR GAZER. He basks in re-  
flected glory and other G. I.'s look  
upon him with awe, for he is with  
the general in his most unguarded  
moments. If a STAR GAZER has  
a rumor it is accepted by the other  
soldiers—it's hot stuff! Many  
STAR GAZERS take great delight  
in starting fantastic rumors, only  
to have them come back, wildly  
distorted, from the lips of the gen-  
eral himself. The STAR GAZER  
name comes from the fact that a  
general's insignia of rank consists  
of stars—the more stars, the more  
reflected glory for the STAR  
GAZER.

Wipe spareribs with a damp cloth. Dredge lightly with flour. Season with salt and pepper. Sprinkle onion over top. Place on rack in roasting pan and roast at 325° one and one-half hours. At the end of the first hour place sauerkraut over the spareribs, adding a little water if kraut is dry. Serve with the following gravy:

**Pan Gravy**  
Pour off excess fat from the pan in which the meat was roasted. Stir several tablespoons of flour into the remaining pan drippings. Cook and stir over a hot flame until the flour is absorbed and nice and brown. Add 1/2 teaspoon additional salt. Worcestershire sauce and pepper if necessary. Add a cup of liquid (vegetable liquor, water, soup stock or milk) and continue stirring until the gravy thickens. If too thick, add a little more liquid. Cook for another minute or two until the raw flour taste has disappeared.

# Metzger-Wright Company 48 Years Old

The Metzger-Wright Company Store in 1896

Life begins at forty-eight, at least that is what the community is wishing for the Metzger-Wright Company, now forty-eight years old.

Starting business 48 years ago as Smart, Silverberg, and Metzger, this firm began its retailing career in what was known at that time as the Hoffman Block which stood on the present site of the Kresge Company store. In 1900 Mr. Smart and Mr. Silberberg withdrew and C. E. Metzger took another partner, the firm becoming Metzger and Hogan. The store then operated two large rooms connected by an archway where the one and only cashier dispensed change for all the customers in her little booth. Another firm change was made in 1906 when Mr. Hogan withdrew and C. E. Metzger carried on with the firm being known as C. E. Metzger, Limited. It did a thriving business in those horse and buggy days as a "general" store. Each clerk sold all over the store instead of specializing in one department. Many of the customers and clerks of those days are patrons of the store today.

In 1917, W. W. Wright became a partner in the business and the store again changed its name to its present one of Metzger-Wright Co. In 1919 the store merged with

C. E. Metzger

the C. H. Smith Co., and occupied both corner buildings. In 1923 Mr. Smith's holdings were purchased by Mr. Wright and Mr. Metzger and a group of Warren stockholders. The life of these two men was centered around the growth, not only of the store but also the community.

C. E. Metzger began in his merchandising career in Warren after years of experience as a salesman on the road. Through all the years, Mr. Metzger's connection with the store was unbroken until his accidental death in 1931. W. W. Wright began his merchandising career in Independence and Kingwood, West Virginia. He spent twenty-five years in Cadiz, Ohio; then became president of Cleveland's oldest store, The Morehouse Company. After Mr. Metzger's death he became president of the company, which position he held

Rev. W. E. Frampton, also retired and a resident of Big Run, died there on Thursday and will be buried on Saturday afternoon. Many will recall that one of his brothers, Rev. Frank Frampton, now deceased, once served at Russell Methodist church.

Friends of 2d Lt. Evald Benson, formerly employed at the local office of the Personal Finance Company, now a prisoner of war in Germany, are receiving cards from him stating that he is in good health. The cards were written February 17th. Lt. Benson received his early training as a flier in one of the first C. P. T. classes at the Warren airport.

## Derby Candidates May Run on First Slow Track In Years

By CHARLES DUNKLEY

Louisville, Ky., May 5—(P)—A breath-taking two minutes will tick off the 70th running of the Kentucky Derby tomorrow, but owners of the prospective starters were talking in short breaths today over the prospects of the first muddy track for the event since Clyde Van Dusen wallowed home to victory 15 years ago.

A 14-hour rain that quit for a while and then resumed again last night left the Churchill Downs racing strip a sloppy mess, fetlock deep in water. Unless more rain falls today, or tonight, however, the track may drain off, making it at least slow, if not muddy. The track is noted for its speedy qualities.

Only two of the 17 trainers who hope to saddle their prized three-year-olds in tomorrow's mile and a quarter race over tradition-hallowed Churchill Downs looked up on track conditions with discouragement. E. R. Paton, owner of Valley Flares, said his horse would not start if conditions were unfavorable. A. J. "Whitey" Abel, the self-proclaimed "poor man's" owner of Gramps Image, said his thoroughbred did not care too much for mud, but would start regardless.

John Gaver, trainer of Mrs. Payne Whitney's favored, Stir Up, said rain or mud would make no difference.

Ben Jones, trainer of the Calumet Farms' Pensive also said he didn't care about the conditions.

## Cooper's Showing Is Puzzle To National League Scribes

By JACK HAND

Associated Press Sports Writer

What's the matter with Morton Cooper? That's the \$64 question in the National League today as the big righthander's St. Louis mates take on the second place Cincinnati Reds in the first big series of the 1944 campaign.

Cooper, who won 21 decisions last year and hurled 24 complete games in 32 starts, has failed to go the route in three outings including yesterday's 6-3 loss to Pittsburgh.

While Cooper was having his troubles, Max Butcher was breaking into the win column for the first time after surviving a jittery first inning in which he allowed three runs on four hits and a walk.

The tall West Virginian allowed only four more hits in the rest of the game as the Reds pulled St. Louis down to within one game of Cincinnati and the Phils, tied for second.

Those Phils can tie for the top if Cincy knocks off the Cardinals today and might sneak in front all by themselves this weekend while the western rivals are quarreling. Freddy Fitzsimmons' Jays, idle yesterday, move into Brooklyn today, where they could make life rosy for Freddy with a series win over his old mates.

Boston slid the New York Giants down the shoots to their fourth straight defeat, 8-4, with Connie

Ryan, a former Polo Grounder, adding to their embarrassment with two singles and a homer, accounting for four runs.

The Cincinnati-Chicago game in the National was postponed, and Brooklyn, like Philadelphia, was not scheduled.

Rookie Ed Lopat of Little Rock knows how it feels to win your first big league game, after hurling Chicago's White Sox to a 2-1 edge over Cleveland's Vern Kennedy. Wally Moses crept up on the leaders by stealing two bases, one of which figured in the Sox two-run spurt in the fourth inning.

St. Louis took advantage of the open date in the eastern half of the American League to tighten its grip on first by a 2-0 job against Detroit.

## Erie Wins Over Falcons 8 to 4

Buffalo, N. Y., May 5—(P)—The Erie, Pa., Pony league baseball team, which evened its score with Jamestown last night by defeating that club 8-4, is host tonight to the Falcons for the third game in the series.

Jamestown won the first game Wednesday night 3-2 in an 11-inning battle, but made eight errors last night to hand a first season win to Erie, which joined the league this year.

Today's other games: Hornell at Wellsville, Wellsville at Hornell, Olean at Bradford.

## Covering the Sports Front

—WITH—

BOB JOHNSON

The Scandinavian W. C. T. U. meets Friday afternoon. Sure and b'gorry, the Irish did it again—Barney Malone, one of the most torrid bowlers in the citizenry came through Wednesday night for the fifth time in six years, pulling his team into the championship with that uncanny fireball of his that always comes through when the heat's on.

Now most of you new bowlers who have never had the chance to be kegling the top-notchers have no idea of what a bowling heart is—so we'll tell you and Malone is the incentive—

In any kind, type or manner sport there comes a time when one or more men spell victory for a team, be it underdog or favorite, while the rest sit back and take their punishment year after year—

Wednesday night at the Elks Club was the finale to the year's pin spilling and after an up and down quarter and semi-final race, Malone's Soda-Mineral team was up against their stiffest test with three of the best four out of seven games already in the hands of the Struthers No. 2 combine and only one to go.

Amid bell ringing, pounding, yelling and the rest that accompanies these roll-offs every season, the Malonians managed to scrape through with three straight and tied up the match, then went into the last and toughest—

Every man in the place kept up that tempo of screaming and yelling—always at a certain pitch—one that by that time had some of the rookies nearly out of their heads, but it gradually slowed down as the defense outfit took an early lead and had hardly a worry in the world.

In the tenth frame, the Ironworkers finished first and showed 24 pins to the good which could only mean one thing, but they didn't reckon with Malone, the cleanup man—he stepped up there amid a hushed audience—they had seen this guy in action before—

You know it—he did the practically impossible in that situation—struck out and won the championship for the Soda-Minerals. To Struthers it was one of their greatest surprises, but to we who know Malone it was tradition after having gone through the same thing for six straight years and always in the same manner.

Now that didn't carry the same effect with the populace as Di-Maggio in a series, Hogan one down on the 18th, or Jake Shaeffer with all three balls in one corner, but just ask any Irishman who his champion of the people is—it'll always be the same—"Malone it is."

## Oilers Defeat Fox Bros. In Commercial

For the losing Market Kegles Allen had high total with 540 and F. Aumer was next in line with 517. Tony Fazio's 202 took high single game honors. The team totals:

Fox Bros ..... 871 842 869

## STENGLE COMES EAST FOR A CONFERENCE

Glendale, Calif., May 5—(P)—Casey Stengle, veteran major league baseball manager and former pilot of the Boston National League club, left here today for what he said was "a baseball conference somewhere in the middle west."

Stengle would not discuss a newsman's question concerning whether he had received an offer to manage the Chicago Cubs, nor would he say he was going directly to Chicago.

Jimmy Wilson, former manager of the Phils and a World Series star with Cincinnati, left the Cubs recently and the Wrigley team now is being handled temporarily by Roy Johnson.

Sunday Charles Kirchartz will pass another milestone on life's highway and he has already received numerous congratulations.

He has made his home in Warren for many years coming to this city from Reynoldsville. For many years he was associated with the circulation department of this newspaper.

Mrs. Stuart Perrin, Franklin street, and Miss Eleanor Smith, 402 Fourth avenue, are in Cleveland, O., to attend today's performance of "Lucia di Lammermoor" by the Metropolitan Opera Company; also the Saturday presentation of "Carmen". They will visit the former's sisters, Miss Geraldine Erickson, employed in that city and Miss Jean, training at Western Reserve Nursing School.

Legislature Sets Record For Harmony

(From Page One)

Legislative leaders of both parties surrounded Martin as he affixed his signature, with a flourish, to the bills at 1:17 p. m.

The senate also gave final approval to a proposed amendment to the constitution giving the assembly power to fix the terms of members of election boards. It must be approved by another legislature before being submitted to a referendum vote.

Drawn to strip all possible red tape from soldier voting, the program eliminates personal registration by servicemen and women, sets up machinery to gather their names and addresses for automatic mailing of ballots and extends to 105 days the time allowed for receipt and return of ballots.

Unexpected Democratic help, meanwhile, brought senate confirmation of Governor Martin's appointments of state patrol board members, Henry C. Hill, Camp Hill; Theodore H. Reiber, West View, and Milk Commissioner H. N. Cobb, Towanda.

The Democratic minority clung to its opposition to confirmation of John M. McKee, Camp Hill, milk commission chairman, and Leo Abernathy, Pittsburgh, Labor Relations Board member.

## With the Movies

By ROBBIN COONS

**HOLLYWOOD**--Real and unreal: Dick Haymes, who plays Song-Writer Ernest Ball in "Irish Eyes Are Smiling," is a song-writer himself but a bashful one. Says he can't get up nerve to sing one of his own 40 or 50 songs on his own air show, is equally hesitant about asking his friend, Bing Crosby, to plug one. "It would put Bing on a spot," he says. "And I can't sing 'em on my own program--because I have to know the songs I pick are good. And how can I know about my own?"

Sight: blonde, leggy Chill Williams, the girl who won fame on a single picture--and a still picture at that--lugging a huge carton full of fan mail to a desk, excited but sighing: "There are a hundred letters in each of those packs, and the postage on my answers will break me..." I counted-up to a hundred packs, which is as high as I like to count, and handed over my crying towel. She'll be (in a small way) in "Having Wonderful Time"--and Remie, the designer, is doing a new polka-dot bra for her...

**NEW pictures:** "The Uninvited" (Ray Milland, Ruth Hussey, Gail Russell, a newcomer; Cor-

nelia Otis Skinner) may start a cycle of ghost stories on the screen, but it's in a class by itself for spooks--even if you don't believe in 'em.  
"Days of Glory" (Gregory Peck, Tamara Toumanova, Maria Palmar) introduces a whole cast of new talent, mostly excellent, and does for the Russian cause what "The North Star" tried to do--though I suspect that it will make the grade as a torrid love story rather than on its other merits. Peck and Toumanova are both "in" as potential favorites... but is it a law that pictures about Russia have to introduce the "guerrilla oath" at the most ridiculous moments?...

**FRED MacMURRAY** was "blowing" his lines for "Practically Yours," and try as he would the speech wouldn't come out right. Mitchell Leisen, for a gag, had the lines copied on a blackboard--such as John Barrymore used in his later days--and set it up on the camera platform.  
"No, sir!" MacMurray protested. "I've carried on without one of those things for ten years and I'm not going to start now." Then he grinned. "Besides," he said, "I can't read it without my glasses."

## Yanks on Alert For Counter Blows On Dutch New Guinea

**Precautionary Note Is Sounded as Headquarters Announces Amphibious Landings Forty Miles West of Hollandia**

**ONLY SPORADIC ENEMY AIR ACTIVITY IS SEEN**

Advanced Allied Headquarters, New Guinea, May 5—(P)—American invaders of Dutch New Guinea were on the alert today against expected counter blows by Japan's well-trained navy fliers.

As headquarters announced two amphibious landings which pushed the Yanks as far as 40 miles west of Hollandia, a spokesman sounded a precautionary note. He said there were indications the Japanese were throwing their naval aviation strength—their best pilots—are reputed to be navy fliers—into northwest New Guinea sectors guarding the approaches toward the Philippines.

## LIBERATORS STAGE RAIDS OVER FRANCE

**American Warplanes Bomb Military Installations in the Pas-de-Calais Area**

**BUDAPEST IS DAMAGED**

By AUSTIN BEA  
London, May 5—(P)—American Liberators bombers landed the "invasion coast" of France again today in a before-breakfast low, and then medium and fighter bombers and fighters took over the 21st consecutive day of the relentless pre-invasion bombing of Europe with attacks on rail lines leading Hitler's Atlantic wall.

Not a plane was lost in the seventh hundred sorties flown today. In the third day American heavy bombers have battered France and Holland without loss. Of the few German planes that challenged the invaders, Spitfire fighters escorted Mitchell bombers shot down four.

The Berlin radio said that Allied Mediterranean bombers were over Romania this afternoon after last night's raid on Budapest in Hungary, but the report of the daylight attack had not been confirmed by Allied headquarters.

The four-engined sky giants roared across the English channel in a force officially described as small, indicating that fewer than 200 Liberators made the short hop to the area of France closest to Britain. They were under escort of probably an equal number of U. S. Eighth Air Force Mustangs.

Thunderbolt fighter-bombers of the Ninth U. S. Air Force attacked rail yards at Valenciennes and in northern France under escort of Thunderbolt fighters. Once again, the Germans failed to put up even token resistance. Flak was seen in the moderate overcast skies.

A middle east communique reported recent attacks on German shipping and airdromes in Crete, the Aegean Islands and the Greek harbor of Monemvasia. Two supply ships were set afire and planes on the Melame airfield in Crete were damaged.

**Partisans Encircle Yugoslav Garrison**  
London, May 5—(P)—Partisan forces have surrounded the Yugoslav town of Mrkonjicrad and are laying siege to the German garrison, which is offering strong resistance, a broadcast communique from the headquarters of Marshal Josip Broz (Tito) said today.

The war bulletin, studded with reports of successes, also told of partisan units smashing their way into Uzice, 75 miles west of Sarajevo on the main railway to Sofia, and wrecking the station, destroying the town and killing many enemy troops.

Tito's men have gone over to the counter-attack in Slavonia near Vucin and forced the Germans and Ustashi to withdraw, the communique said.

**Girl, 21, With Husband, 13, Is Facing Abduction Charge**  
Denver, May 5—(P)—A story of courtship conducted "after school and on holidays" was told in Denver county jail by a 13-year-old bridegroom and his 21-year-old wife where they awaited today the arrival of Los Angeles authorities.

The bride, Elaine Monfredi, asked "what difference does it make about our ages? We're in love." Her youthful bridegroom, Ellsworth Wisecarver, asserted his devotion, declaring "Elaine is my first and only sweetheart—I don't know how I could live without her."

Elaine and Ellsworth, both giving their ages as 21, were married April 29 in Yuma, Ariz. The bridegroom's mother, Mrs. Mildred

Wisecarver, filed a child-stealing complaint in Los Angeles against her son's wife.

The couple had only 40 cents when Denver detectives, in response to requests by Los Angeles police, accosted the pair as they inquired about a telegram at a Denver hotel yesterday.

Her mother, Mrs. M. McEntee, told Los Angeles police she received a telegram from Elaine Wednesday from Albuquerque, N. Mex., saying:

"Mom—broke—wire cash immediately to Denver, Colo."

Detective Captain James E. Childers said the young woman told him that she had only lived as a common-law wife with James Monfredi in Compton, Calif.

### Precedent Set by Gov. Martin In Signing Soldier Vote Bill

## SENATE FINDS CATCH IN NEW LABOR DRAFT

**Bill Designed to Force Four Million 4F's Into War Jobs Encounters Opposition**

**ENTHUSIASM IS LACKING**

Washington, May 5—(P)—A bill designed to force at least a million 4F's into war jobs ran up against strong opposition in the senate military committee today despite warm endorsements from the committee's counterpart in the house.

Senator Kilgore (D-W.Va.) predicted the senate group would view the Bailey-Brester "work or work or fight" action to end labor or turnover, and Rep. Luce (R-Conn.) author of two pending measures dealing with turnover.

Senate Committee Chairman Reynolds (D-NC), an opponent of national service, withheld a commitment, but promised "a vote by the committee one way or another within 30 days."

The measure would subject any draft registrant between 18 and 45 to induction into military or labor service if he shifts from essential to non-essential work without draft board permission.

In addition it would reclassify and draft for essential industry any of the 3,800,000 4F's deemed capable of performing necessary work.

Assistant Navy Secretary Ralph Bard, endorsing the bill along with Maj. Gen. Lewis B. Hershey, Selective Service director, and Undersecretary of War Patterson, told the senate committee yesterday there are 1,000,000 men under 38 classified as 4F's "who are not engaged in essential war work."

Bard declared that when word went out that the induction of men over 26 was being stayed, there was a sharp increase of 4F's going into non-essential industry.

**Death of Adm. Koga Reported By Tokyo Radio**  
New York, May 5—(P)—The Tokyo radio announced today that Admiral Mineichi Koga, commander of the Japanese combined fleet, had been killed on active duty, less than a year after his predecessor, Admiral Isoroku Yamamoto, had met a similar death.

A broadcast recorded by U. S. government monitors quoted an imperial headquarters communique as saying that Koga had "died at his post in March of this year while directing general operations from an airplane at the front."

The wording of the communique bore a striking similarity to a Tokyo communique of May 21, 1943, announcing the death of Yamamoto in a warplane the previous April "while directing general strategy on the front line."

A later broadcast said that Maj. Gen. Kumao Ooshima and Maj. Gen. Yoshitada Shimokawa had died in April of illnesses contracted "while on active duty."

Ohashi, whom the broadcast described as "chief of staff of a front line army corps" and as "head of an army unit in China," was said to have died on April 14, while Shimokawa, "commander of a unit on the front," died on April 19.

**BODY IN TRUNK**  
Los Angeles, May 5—(P)—The body of a woman, police said, was found today in a trunk shipped from Chicago to the Railway Express Company office here.

Along with a report that the trunk was taken to the morgue where the torso was to be examined, investigators said they had not yet determined by whom or to whom the trunk had been shipped.

**HIGHWAY FATALITY**  
Indiantown Gap, May 5—(P)—Death of Sgt. James McDougall, Murray, Ky., in an Indiantown Gap military hospital yesterday was the second fatality in the collision of an automobile and coal truck near here last Saturday night.

**Session Is Fourth Briefest in History**  
Harrisburg, May 5—(P)—Scheduled adjournment of five-day special soldier vote legislature today will mark it as the fourth brief session in history of the commonwealth.

Other short assembly sessions and the reasons for the call were:

1797—Two days to enable compliance with a requisition by the United States for \$10,000 militia.

1934—Nine days, to finance relief.

1936—Five days, unemployment compensation.

**Swift Action On New Levy Bill Expected**  
By FRANCIS M. LE MAY  
Washington, May 5—(P)—The taxpayers dream—of a March 15 without fearful figures and dismal decimal points—came nearer today. The house met to give overwhelming approval to legislation simplifying the tax statutes for 50,000,000 persons.

Leaders expected the measure to pass before midnight. It then will be sent to the senate, where swift action is also expected.

Drawn by the House Ways and Means Committee, the bill would relieve some 30,000,000 of the 50,000,000 taxpayers of the necessity of ever computing another income tax return, and simplify payment procedures for the 20,000,000 others.

Beginning next January 1 the present withholding system against wages and salaries would be revised—upward for most taxpayers—to take the full tax liability for persons earning up to \$5,000. Thus, the withholding levy would become in 1945 the actual tax for these millions of persons, and they would owe no more at the end of the tax year.

There would be no change in amounts held from pay envelopes and salary checks this year, but the government itself would compute the taxes on 1944 income for those with wages and salaries under \$5,000.

## LEGISLATURE MAKES MARK FOR HARMONY

**Bi-Partisan G-I Ballot Program Is Adopted Unanimously by Both Houses In Five Days**

**AMENDMENT APPROVED**

**BULLETIN**  
Harrisburg, May 5—(P)—The 1944 special session of the Pennsylvania legislature adjourned finally just four days, two hours and 15 minutes, after it convened May 1 at noon to enact soldier vote legislation.

Harrisburg, May 5—(P)—Governor Martin today presented pens used in signing the soldier vote bills to GOP Chairman M. Harvey Taylor, Democratic State Chairman David L. Lawrence.

By WICK TEMPLE  
Harrisburg, May 5—(P)—The Pennsylvania general assembly enacted soldier vote legislation today under which the state's service men and women throughout the world need only mark their ballot this fall, make an affidavit and mail both back—the home front handles all the spade work.

Setting a record for harmony in legislative history of the Keystone State, both Republicans and Democrats joined to pass the bi-partisan G-I vote program unanimously in five days—the minimum necessary under the state constitution which requires three days' consideration of bills in each house.

Final action on the soldier vote legislation—halted as the most liberal in the nation—was taken by the house in approving minor amendments inserted by the senate a short time after that branch passed the bills by a resounding 48-0 vote. The house approved the program 201-0 on Wednesday.

Setting a precedent in legislative history, Governor Martin signed the bills in the house chamber at a joint session of the representatives and senators. Assembly officials said it was the first time a chief executive of the state ever appeared before the legislative branch to sign bills.

**28 PASSENGERS IN BUS GIVEN DUCKING**  
Miami, Fla., May 5—(P)—A canal bank fisherman was killed and 28 bus passengers were given a ducking today in an accident that involved a bus and truck on the Tamiami trail about 25 miles west of Miami.

The bus driver, David Lewis, and three passengers, were treated at Jackson Memorial Hospital here.

The bus plunged into the roadside drainage canal, it was reported, but no lives were lost aboard it and no other passengers required hospital treatment.

The fisherman was not immediately identified.

**DIVIDENDS VOTED**  
New York, May 5—(P)—Directors of Sylvania Industrial Corp. declared today an extra dividend of 25 cents and a regular quarterly dividend of 25 cents, both payable May 22 to holders of record May 12.

**TEACHERS TO END STRIKE**  
Pittsburgh, May 5—(P)—Teachers at West Deer township's school will vote tonight whether to end a three-day strike that has meant a holiday for most of the township's 1,900 students.

The new rules posted in the big mail order house were disclosed yesterday after the arrest of a company official as he was removing one of the placards. They set forth that dismissals of employees since the government took control April 26 were voided and none would be valid without approval of federal officials in charge of the facilities.

Agents of the Federal Bureau of Investigation arrested the company executive, Paul D. Sowell, assistant mail order operating manager. Arranged before U. S. Commissioner Edwin K. Walker on a charge of "taking, purloining, stealing or injuring property of the U. S. government," Sowell pleaded innocent and was released on a \$250 bond pending a hearing May 11.

Judge Holly announced his decision in the injunctive dispute would be given Wednesday instead of Monday, as previously planned.

**Accounting Board For Lend Lease**  
Washington, May 5—(P)—The senate took up the lend lease extension bill today with what amounted to an assurance from President Roosevelt that the administration intends to tighten its bookkeeping on the program.

Along with a report that the lend lease and other forms of United States expenditures abroad, including Army and Navy spending, had reached \$30,362,687,362 as of April 1, the senate appropriations committee made public a letter in which the president ordered the establishment of a central clearing house to keep track of overseas outlays of various government agencies.

Mr. Roosevelt ordered the accounting agency set up in the foreign economic administration headed by Leo T. Crowley, and said it would develop "comprehensive and consistent reports on foreign transactions, so essential to the planning and operations of our government in the future."

## Dismissals Of Ward Workers Are Restricted

**BULLETIN**  
Washington, May 5—(P)—Rep. Allen (R-Ill.), urging passage of a resolution to investigate the Montgomery Ward plant seizure in Chicago, told the house today the "American people were practically 100 per cent" opposed "to that action of the government."

Chicago, May 5—(P)—Employees of the government-controlled Montgomery Ward and Company's Chicago properties, under new regulations contained in a federal poster, may be dismissed by company officials without government approval.

The new rules posted in the big mail order house were disclosed yesterday after the arrest of a company official as he was removing one of the placards. They set forth that dismissals of employees since the government took control April 26 were voided and none would be valid without approval of federal officials in charge of the facilities.

**GOVERNOR PROCLAIMS MARITIME DAY MAY 22**  
Harrisburg, May 5—(P)—Maritime Day "in honor of the gallant heroes of the sea, the officers and men of the American Merchant Marine and the loyal shipbuilders of our nation" has been proclaimed by Governor Martin for Monday, May 22.

The executive also urged churches to hold special services Sunday, May 21, "in tribute to the more than 5,000 officers and seamen of the Merchant Marine who have given their lives at sea in the service of our country."

**Probing Attacks On Russian Front**  
London, May 5—(P)—German probing attacks southeast of Sanislavow and south of Traspol were thrown back yesterday for the second successive day as the lull in ground fighting continued along other positions of the eastern front, Moscow announced today.

Near Stanislawow in the south-east corner of old Poland German attempts to reconnoiter Soviet positions were beaten off in the morning and a Nazi attack against one Russian unit was hurled back in the afternoon, a Soviet communique said. It asserted that about 800 Germans were killed and 12 Nazi tanks were destroyed.

## Six Months' Quarantine On Dogs Provided In Ordinance

At a special meeting of the Town Council held last evening, final passage was made of an ordinance to control dogs of the city, due to the outbreak of rabies here. The ordinance, which was prepared by City Solicitor Sidney Blackman, provides for a six months quarantine on all dogs.

According to the provisions of the ordinance, all dogs are quarantined for a period of six months, effective yesterday. During that time the dogs must not be off the owners' premises except when on a leash or under control. All dogs that bite must be held for 10 days under observation of a veterinarian and any violation will be punishable with a fine of not less than \$5 nor more than \$100 or 30 days' imprisonment, or both, at the discretion of the magistrate.

Some discussion was indulged in relative to the matter of cats being included in the ordinance, but it was felt that, should occasion arise, this feature could be included later, as the laws on the state statute books relate mainly to dogs. Cats, however, can suffer from the disease and reports from Erie indicate that felines there have proved a menace and have bitten many persons.

Appropriations for the observance of Memorial Day were also passed.

Police and officials are of the opinion that the dog which bit little Carol Van Blois, 425 Conewago avenue, was suffering from rabies. The animal was picked up by police after it had bitten the child and confined in a cell at the police station. It was held for observation and developed what are considered to be distinctive symptoms of rabies. It refused to eat, became vicious, snapping at anyone who approached and biting the bars of the cell.

Yesterday afternoon the animal was destroyed and the head was sent to Harrisburg for examination. A report by telegraph is expected this evening by the authorities.

Agents of the Department of Animal Industry in the city are calling on scores of residents and are making a careful check on all dogs in this vicinity to ascertain whether or not they are licensed, and all unlicensed dogs will be destroyed. Licensed dogs found running at large will be picked up and the owner fined under the provisions of the new ordinance passed last night by council.

The authorities consider the situation a serious one, as no one knows what dogs have been bitten and the fact that animals in the upper Conewago section have shown distinct rabies symptoms and several have reacted to tests at the Harrisburg laboratory that section is receiving attention. A dog owned by a Venturatown man also displayed rabies of a positive type and how many dogs in that section have been bitten is not known.

To the end that the spread of the disease might be checked, the quarantine established will be rigidly enforced, and the borough police have been instructed to pick up all dogs found on the streets and to enforce the ordinance to the letter.

**Fighting Renewed On Italian Sector**  
Allied Headquarters, Naples, May 5—(P)—A renewal of fighting on the Adriatic end of the Italian battle line was announced today in a headquarters statement which said that a German raiding party penetrated Eighth Army positions in the Ortona area and was driven off in sharp skirmish.

Both sides suffered casualties as the Allied forces restored their positions, the announcement said. Allied and German artillery traded punches in the Cassino area of the Fifth Army's main front.

## BROKEN BRAKE BEAM CAUSES 14-CAR PILEUP

**Valuable Lend-Lease Material Assigned to Russia Involved in Accident Early Today**

**CREW ESCAPES INJURY**

Damage roughly estimated at \$500,000 was done this morning when 14 cars of a doubleheader westbound freight train piled up at Sheffield at 5:30. The train was a heavy freight and a brake beam broke and dropped down. It dragged for about half a mile and at a switch derailed the cars. Some of them were laden with lend-lease supplies, two were loaded with merchandise and six were gondolas on which were locomotives.

The tracks were torn up badly and the rails were twisted as the cars were thrown helter skelter along the right of way. Several of them were tossed up against the Pennsylvania railroad freight house and crashed through the platform. A 1938 Ford automobile which was parked alongside the freight house was jammed up by one of the cars and badly damaged.

For a distance of several hundred feet the railroad cars, twisted locomotives and tenders were piled up along the tracks while packages of merchandise were strewn over a large area.

The train was drawn by two locomotives, crews of which were Engineer O. M. Heaton and his fireman R. P. McQuiston, of Erie, and the other engine crew, Engineer C. E. Eggs and Fireman H. A. Getchell, also of Erie. Conductor Peters, of Erie was in charge of the train.

It was a fast freight carrying much lend-lease material, running at quite high speed when the accident took place. Fortunately no one was injured.

The first cars left the rails near the tool house of the section crew at the east end of the Sheffield freight yards and they bumped along the rails and ties for some distance. Several of the cars carrying the damaged locomotives were thrown at right angles to the tracks, others were upended and jammed together into a mass of wreckage and debris.

Wrecking crews from Kane and Erie were called and went to work to clear the tracks. Big cranes swung the wrecked cars high in the air and loaded the broken locomotives onto flat cars. Many of these engines are in such shape that they can be quickly repaired. It will be several hours before all the debris is removed and traffic can again use the tracks.

The Northern express from the east, known as 581, was routed from Johnsonburg to Riverside Junction over the E. & O., to the Buffalo Division of the E. R. R., and into Warren. The eastbound passenger was detoured over the Buffalo division to Olean and Emporium. One of the Schaut buses from St. Marys brought passengers to this city from points along the line west of Emporium. It also carried passengers for Kane and points west of Emporium back on its return trip.

A large crowd of spectators was attracted by the wreck and State Police were stationed at the scene to keep traffic moving and prevent accidents among the large number of automobiles that halted on Route 6.

Captain W. P. Merritt, of Erie, of the Pennsylvania railroad and Sgt. Steve Mucha of Warren, arrived early to take charge of the investigation.

## Ptomaine Is Suffered By Latin Pupils

School authorities and Dr. E. S. Briggs, school physician have been busy this morning making a check of 35 students of the High and Beauty Schools who last night suffered an attack of what may have been ptomaine poisoning. The students were a part of the 167 students that attended the annual banquet of the Latin Clubs of the two schools at the YWCA. All of those who were taken ill suffered similar symptoms indicative of ptomaine poisoning.

Dr. Briggs stated today that he had carefully gone into the menu served at the YWCA and felt that perhaps there were only two possible sources for the sickness of the students. These were canned peas and ice cream sherbet. However the Zonta Club with 20 in attendance were served the identical menu enjoyed by the young people and none of them developed any illness.

It has also been discovered on a check being made that none of the students who were ill a number had eaten at another place later in the evening. The check is to be made of all who were ill to ascertain if they too had partaken of food at another eating place later in the evening.

None of the students are seriously ill although most of them received medical care.

## Memorial By Pomona Grange Held At Youngsville Meeting

Youngsville, May 5.—With the beautiful and impressive fifth degree ceremony last evening, Warren County Pomona Grange No. 10 closed an interesting and helpful day's program with Brokenstraw unit entertaining.

Highlights of the day's program included the address of welcome by Mrs. Ella Culver, master of Brokenstraw Grange, and the response by Mrs. Martha Houghwot of Lander.

The home economics hour was conducted by Mrs. Nina Haight, who read two appropriate poems, "Wee Fisherman" written by Miss Ada Downey, a former Youngsville resident who now spends many of her summers here, and "Vitamin A" which served as a prelude to the instruction of Mrs. Thelma Prendergast, home economics extension director, who talked on "Canning in 1944." Resolutions of Pomona Grange were presented by Mrs. Margaret Johnson of Warren, lecturer.

After a very fine dinner in the grange hall, the afternoon session opened with devotions led by Rev. C. M. McIntyre, of Youngsville and

## It Happened In WARREN--48 YEARS AGO

This is the THIRD of a series of pictures of Warren 48 years ago—in 1896—when life was more leisurely, entertaining more naive, and names-in-the-news recall the happy times of an earlier generation. The following are quoted from the Warren Evening Mirror, 1896:

## Goodwill Hill Oil Properties Change Hands

According to the Titusville Herald, announcement was made yesterday that Northern Ordnance Incorporated, which has been acquiring oil properties in this region during the past several months, had bought the Goodwill Hill properties of L. C. and R. Bruce McKinney. While the final papers were signed only yesterday, the change is effective as of May 1, and the new owners are already in control.

Involved in the transaction are about five hundred acres, all of it in fee except 90 acres of royalties. The properties, formerly the Chamberlain, are in the townships of Southwest and Eldred and the borough of Grand Valley, all in Warren county. They adjoin the National Petroleum Co. properties, already owned by Northern Ordnance.

There are 126 producing wells, but the amount of daily production was not learned. It is expected the properties will be operated intensively.

It is understood that the McKinney properties will be the last acquired by Northern Ordnance at present. The original plan was to purchase several other tracts, but drilling requirements were considerably larger than the new owners could carry out, as a consequence of labor shortage. Operations on the properties thus far are proceeding vigorously.

#### Chapter 33

FRANCOIS MORIN was a retired Captain of the French Merchant Marine who since the invasion of France had devoted his time and energies to help any Frenchman who wanted to escape the Nazis.

Prior to the surrender of France, with the help of a comrade, a Civil Engineer, who had since joined the Fighting French army, he had constructed the tunnel that now formed the headquarters in this Underground district, and provided a refuge for those who were fleeing the country. This work had been undertaken first as an air raid shelter, but after the fall of France had been developed on a larger scale. It had been carried out chiefly at night, and no pains had been spared to keep the matter secret.

"Le petit Capitaine" loved and respected by fisherfolk and farmers alike, as inflexible in nature as he was in build, lived alone in the grey stone cottage, a hundred feet distant from the tunnel, except for his old servant, Gaspard Lemoine. Gaspard kept the cottage clean, cooked the Captain's meals, and looked after his comforts.

Behind the cottage was an extensive vegetable and flower garden, flanked by apple, pear, and plum trees, and several out buildings. One housed a chicken coop, and a small one had an enclosure for carrier pigeons. A larger one in size was a tool house, that contained hand carved models of sailing ships which the Captain made. There was a wood stove to take off the chill on fall and winter days.

It was not unusual to see smoke issuing from the two stacks projecting from the tool house roof, and to others there was no special significance. However, one smoke stack was connected with a pipe proceeding underground from the tunnel.

BUT it was not without meaning to pilots of passing Allied reconnaissance planes, who by a prearranged plan, had agreed to regard it as an S.O.S. signal—that fugitives were hidden in the tunnel.

Three days had passed since Adrienne, Raoul and Charles had

taken refuge there. And except for the enforced confinement and lack of fresh air and sunshine, it had not proved unpleasant. Comfortable meals were served to them by Gaspard from a kitchen at the rear of the passage.

The read and played solitaire in the living room. The stove kept them comfortable. And at night the Captain and one or two of his friends joined them for a game of poker and a glass of wine before retiring. During these gatherings Raoul gave Morin a detailed account of the work in Paris.

Adrienne's inquiries made privately to the Captain in regard to Johnny's escape, gained the information that he had been picked up safely by a reconnaissance flying boat, and had since sent word in code from a Portuguese port of having rejoined the R.A.F.

On the evening of the third day Adrienne, Raoul and Charles were interrupted in a game of bridge by the Captain standing in the doorway.

He told them his signal had been received that afternoon by the pilot of one of the British reconnaissance planes. The latter had dropped a message; he would return and dispatch a boat to pick up the fugitives at three-thirty the following morning.

The site had been selected because it was not fortified by the Nazis save for a pill box and guns implanted at intervals on the hilly coast of the lower town on the opposite side of the harbor, and anti-aircraft batteries stationed beyond the natural fortifications.

SLEEP was not possible for Adrienne that night. What fate lay in store for Johnny and herself? She had not undressed and she suggested she should wear an oilskin coat over her overalls, with an oilskin hat pulled down over her head.

The Captain, Raoul and Charles gathered around the stove. They drank hot coffee that Gaspard brought them, with some sandwiches. Then came the moment of the last instructions from the Captain before they set forth. She found herself clinging to

Raoul's arm, following their fisherman guide, Jules Latourneau, and Charles, as the former conducted them along the rough unfrequented country road, winding between fields fringed with poplars, leading to the coast.

For some time they traversed this road which led to the fortifications of the upper town. In the darkness of the night obscured by clouds, no guide but one accustomed for a life time to the lay of the land, could have found the way.

The salt air reached them suddenly from the Channel as they climbed the rock hewn steps which led to a path descending to a cove, flanked by rocks and bordered by sands. It was full tide and the sea was tranquil.

When Jules had directed them to take shelter behind a ledge of rock projecting into the water, he suddenly straightened and listened intently as the hum of planes returning from high raids over Germany, came to them. Invisible in the overcast sky they passed in quick succession.

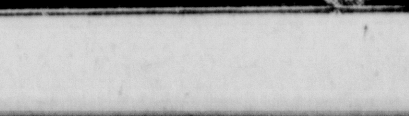

The ensuing silence was abruptly broken by the drone of another plane. Nearer it came, its dim outline gradually becoming visible through a slight rift in the clouds, followed by a pursuing plane which had opened fire. "A Messerschmitt in pursuit," muttered Letourneau.

THE reconnaissance plane apparently hit by a shell, was returning the enemy's fire when a Spitfire appeared out of the clouds with a burst of fire. It raked the tail of the Messerschmitt which lurched into a spin. The flying boat was descending to a lower altitude. Overhead anti-aircraft firing came to them from the Nazi coastal batteries.

In the sudden radiance of a searchlight thrown out by the anti-aircraft battery across the harbor, it was probable that the fugitives' hiding place had been disclosed to the Nazi sentry stationed in a pill box not far distant, on the right side of the ledge. They were no longer in doubt of this fact as he came running towards them. Pausing to take aim he fired and his bullet pierced the heart of their fisherman escort, who fell at their feet.

**DETAIL FOR TODAY**  
Star Gazer

The general's orderly is called a  
STAR GAZER. He basks in re-  
flected glory and other G. I.'s look  
upon him with awe, for he is with  
the general in his most unguarded  
moments. If a STAR GAZER has  
a rumor it is accepted by the other  
soldiers—it's hot stuff! Many  
STAR GAZERS take great delight  
in starting fantastic rumors, only  
to have them come back, wildly  
distorted, from the lips of the gen-  
eral himself. The STAR GAZER  
name comes from the fact that a  
general's insignia of rank consists  
of stars—the more stars, the more  
reflected glory for the STAR  
GAZER.

**Announcement Of Box Office Hours For Riley Mystery**

Box office for "Time to Kill", Lawrence Riley's new play about a murder, opens next Monday evening at seven o'clock in the Woman's Club auditorium, remaining in operation until nine o'clock.  
On Tuesday and Wednesday, seats may be reserved from five until nine o'clock; Thursday and Friday, from seven until curtain at 8:30.  
"You've really no 'Time to Kill' if you want to get seats," warns Mrs. Howard Alexander, box office chairman. "Mail orders to P. O. Box 563 have far surpassed our expectations, and will continue to be filled. You may reserve your seats by phone, 776, Players phone, NOT the Woman's Club, please, or by selecting them from the charts yourself. From present indications it will be a sold-out house for both performances.  
Dress rehearsals are scheduled for Monday and Tuesday nights, and it is good news that Miss Rachel Mahaffey is back at rehearsal, having recovered from the flu.  
Those who have seen the set believe it is the most authentic which the Players have ever done. The audience will readily believe themselves in Aunt Julia Barton's wood-paneled, book-filled Victorian living room.

## Metzger-Wright Company 48 Years Old

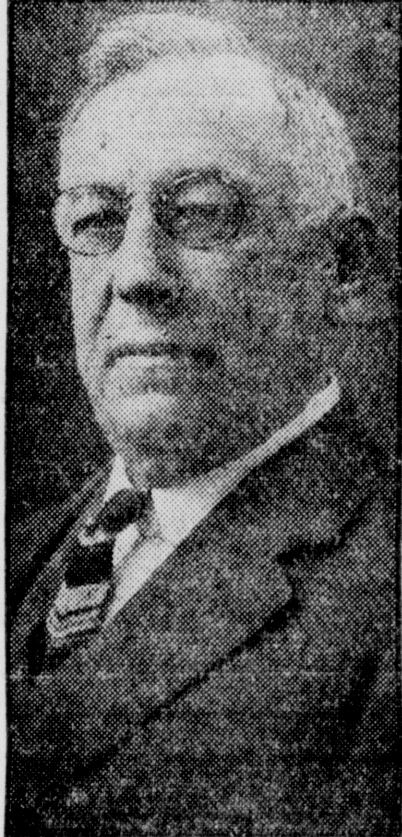

The Metzger-Wright Company Store in 1896

Life begins at forty-eight, at least that is what the community is wishing for the Metzger-Wright Company, now forty-eight years old.

Starting business 48 years ago as Smart, Silverberg, and Metzger, this firm began its retailing career in what was known at that time as the Hoffman Block which stood on the present site of the Kresge Company store. In 1900 Mr. Smart and Mr. Silverberg withdrew and C. E. Metzger took another partner, the firm becoming Metzger and Hogan. The store then operated two large rooms connected by an archway where the one and only cashier dispensed change for all the customers in her little booth. Another firm change was made in 1906 when Mr. Hogan withdrew and C. E. Metzger carried on with the firm being known as C. E. Metzger, Limited. It did a thriving business in those horse and buggy days as a "general" store. Each clerk sold all over the store instead of specializing in one department. Many of the customers and clerks of those days are patrons of the store today.

In 1917, W. W. Wright became a partner in the business and the store again changed its name to its present one of Metzger-Wright Co. In 1919 the store merged with

C. E. Metzger

the C. H. Smith Co., and occupied both corner buildings. In 1923 Mr. Smith's holdings were purchased by Mr. Wright and Mr. Metzger and a group of Warren stockholders. The life of these two men was centered around the growth, not only of the store but also the community.

C. E. Metzger began his merchandising career in Warren after years of experience as a salesman on the road. Through all the years, Mr. Metzger's connection with the store was unbroken until his accidental death in 1931. W. W. Wright began his merchandising career in Independence and Kingwood, West Virginia. He spent twenty-five years in Cadiz, Ohio; then became president of Cleveland's oldest store, The Morehouse Company. After Mr. Metzger's death he became president of the company, which position he held

## Erie District Mourns Loss Of Ministers

Dr. H. H. Barr, former district superintendent of Methodist churches, now retired and living in Warren, has had word today of the death of two well known pastors of the Erie Conference, both of whom have friends in this section.

Rev. Jacob Reis, a former attorney of the Chautauque county region, who served pastorates at both Frewsburg and Sheridan before his retirement, died at Fredonia Thursday and will be buried from there on Sunday.

Rev. W. E. Frampton, also retired and a resident of Big Run, died there on Thursday and will be buried on Saturday afternoon. Many will recall that one of his brothers, Rev. Frank Frampton, now deceased, once served at Russell Methodist church.

Lt. William E. Barrett has returned to Spence Field, Moultrie, Ga., after spending a ten-day leave at the home of his parents, Mr. and Mrs. E. D. Barrett, 333 East Fifth avenue.

Mrs. L. S. Magnuson has received word that her husband, Sgt. Magnuson, has arrived safely in England.

Pvt. John Chiodo, of Warren, has been transferred from Pittsburgh to gunnery school at Laredo Army Air Field in Texas.

Word has been received by Mrs. Axel Nasman, of Russell, that her husband, Pfc. Nasman, has arrived safely somewhere in England.

Mr. and Mrs. George W. Peterson, of Youngsville, are in receipt of a letter from their son, Sgt. Klahr A. Peterson, telling of his safe arrival somewhere in England.

Friends of 2d Lt. Evald Benson, formerly employed at the local office of the Personal Finance Company, now a prisoner of war in Germany, are receiving cards from him stating that he is in good health. The cards were written February 7th. Lt. Benson received his early training as a flier in one of the first C. P. T. classes at the Warren airport.

Sgt. Gail Graham, who is an instructor of aeronautics at Keesler Field, Miss., is home on 15-day furlough with his parents, Mr. and Mrs. Roy Graham.

Word has been received from John R. Livingstone of his promotion to seaman first class, radio technician, and of his transfer from naval radio school at Chicago to Oklahoma A. and M. College at Stillwater, Okla.

Two years ago Saturday Corregidor fell to the Japs and the last organized resistance of the Americans was ended in the Philippines. U. S. forces now are fighting their way back in two directions to avenge that earlier defeat. This map shows the distance they still have to travel.

## Derby Candidates May Run on First Slow Track In Years

By CHARLES DUNKLEY

Louisville, Ky., May 5—(P)—A breath-taking two minutes will tick off the 70th running of the Kentucky Derby tomorrow, but owners of the prospective starters were talking in short breaths today over the prospects of the first muddy track for the event since Clyde Van Dusen wallowed home to victory 15 years ago.

A 14-hour rain that quit for a while and then resumed again last night left the Churchill Downs racing strip a sloppy mess, fetlock deep in water. Unless more rain falls today, or tonight, however, the track may drain off, making it at least slow, if not muddy. The track is noted for its speedy qualities.

Only two of the 17 trainers who hope to saddle their prized three-year-olds in tomorrow's mile and a quarter race over tradition-hallowed Churchill Downs looked up on track conditions with discouragement. B. R. Paton, owner of Valley Flares, said his horse would not start if conditions were unfavorable. A. J. "Whitey" Abel, the self-proclaimed "poor man's" owner of Gramps Image, said his thoroughbred did not care too much for mud, but would start regardless.

John Gaver, trainer of Mrs. Payne Whitney's favored, Stir Up, said rain or mud would make no difference. Ben Jones, trainer of the Calumet Farms' Pensive also said he didn't care about the conditions.

## Cooper's Showing Is Puzzle To National League Scribes

By JACK HAND

Associated Press Sports Writer

What's the matter with Morton Cooper? That's the \$64 question in the National League today as the big righthander's St. Louis mates take on the second place Cincinnati Reds in the first big series of the 1944 campaign.

Cooper, who won 21 decisions last year and hurled 24 complete games in 32 starts, has failed to go the route in three outings including yesterday's 6-3 loss to Pittsburgh.

While Cooper was having his troubles, Max Butcher was breaking into the win column for the first time after surviving a jittery first inning in which he allowed three runs on four hits and a walk. The tall West Virginian allowed only four more hits in the rest of the game as the Reds pulled St. Louis down to within one game of Cincinnati and the Phils, tied for second.

Those Phils can tie for the top if Cincy knocks off the Cardinals today and might sneak in front all by themselves this weekend while the western rivals are quarreling. Freddy Fitzsimmons' Jays, idle yesterday, move into Brooklyn today, where they could make life nasty for Freddy with a series win over his old mates.

Boston slid the New York Giants down the shoots to their fourth straight defeat, 8-4, with Connie Ryan, a former Polo Ground, adding to their embarrassment with two singles and a homer, accounting for four runs.

## Erie Wins Over Falcons 8 to 4

Buffalo, N. Y., May 5—(P)—The Erie, Pa., Pony league baseball team, which evened its score with Jamestown last night by defeating that club 8-4, is host tonight to the Falcons for the third game in the series.

Jamestown won the first game Wednesday night 3-2 in an 11-inning battle, but made eight errors last night to hand a first season win to Erie, which joined the league this year.

Today's other games: Hornell at Wellsville, Wellsville at Hornell, Olean at Bradford.

Erie . . . . .000 030 104—8 7 1

## Penn Bowling Center Closing for Season

Completing a successful bowling season, Penn Center is closing Saturday night. All leagues have finished their schedules despite the loss of bowlers to the Armed Forces. Harry Bittenbender, owner of the alleys, takes this means of thanking all league officers, team captains and patrons for their cooperation during the past winter. At the same time the sports department of the Times-Mirror expresses deep gratitude for the assistance received from Mr. Bittenbender, league officials and others, in getting news of the activities to the paper.

## Ladies' League To End Season Tonight

Stein's first half champs in the Ladies' City League won the roll-off with Hoagvalls, second half winners. R. Hand rolled 512 for the victors. Printz Co., won from Marguerites, and will meet Hoagvalls tonight to decide second place. Bittenbender rolled 499 for Printz Co. All members in the

league will "bowl in the house" in a "Don't Know Your Partner" tournament tonight.

## Covering the Sports Front

—WITH—

BOB JOHNSON

The Scandinavian W. C. T. U. meets Friday afternoon.

Sure and b'gorry, the Irish did it again. Barney Malone, one of the most torrid bowlers in the citizenry came through Wednesday night for the fifth time in six years, pulling his team into the championship with that uncanny fireball of his that always comes through when the heat's on.

Now most of you new bowlers who have never had this chance to be kegling the top-notchers have no idea of what a bowling heart is—so we'll tell you and Malone is the incentive.

In any kind, type or manner sport there comes a time when one or more men spell victory for a team, be it underdog or favorite, while the rest sit back and take their punishment year after year.

Wednesday night at the Elks Club was the finale to the year's pin spilling and after an up and down quarter and semi-final race, Malone's Soda-Mineral team was up against their stiffest test with three of the best four out of seven games already in the hands of the Struthers No. 2 combine and only one to go.

Amid bell ringing, pounding, yelling and the rest that accompanies these roll-offs every season, the Malonigans managed to scrape through with three straight and tied up the match, then went into the last and toughest.

Every man in the place kept up that tempo of screaming and yelling—always at a certain pitch—one that by that time had some of the rookies nearly out of their heads, but it gradually slowed down as the defense outfit took an early lead and had hardly a worry in the world.

In the tenth frame, the Ironworkers finished first and showed 24 pins to the good which could only mean one thing, but they didn't reckon with Malone, the cleanup man—he stepped up there amid a hushed audience—they had seen this guy in action before.

You know it—he did the practically impossible in that situation—struck out and won the championship for the Soda-Minerals. To Struthers it was one of their greatest surprises, but to we who know Malone it was tradition after having gone through the same thing for six straight years and always in the same manner.

Now that didn't carry the same effect with the populace as Di Maggio in a series, Hogan one down on the 18th, or Jake Shaeffer with all three balls in one corner, but just ask any Irishman who his champion of the people is—it'll always be the same—"Malone it is."

## Oilers Defeat Fox Bros. In Commercial

In a roll-off staged last night at the Penn Bowling Center, Bradford Penn defeated Fox Bros. Market in a 2 out of 3 game series. For the Oilers, Archie Raligh had a nice 220 game and 566 total was given good support by "P. J." Miller's 237-529.

For the losing Market, Kegles Allen had high total with 540 and F. Aumer was next in line with 517. Tony Fazio's 202 took high single game honors. The team totals: Fox Bros. . . . .871 842 869  
Bradford Penn . . . . .844 874 941

ARCADE  
In the National Forge doubles event John Head and Al Munson

took first place, Mead's had 749 for four games and Munson had 727. Team total of 1476. Weaver and Wright came in second. Yeager's 765 was best for four games. Wright had 671 which gave them 1439 team total. The high team game went to Anderegg and Wiltzie, Anderegg 233 which was high single game and Wiltzie's 192 gave them 425 in the 11th event, Walter Anderegg was best with 1491, 793 in the singles and 748 in the doubles.

## FIGHT TONIGHT

Boston, May 5—(P)—An insult-shouting world championship boxing bout has been brewed between Sal Bartolo, Boston sailorman, and Phil Terranova, former Bronx hash slinger, in the Boston Garden tonight. Bartolo, popular native son, is picked as a 6-to-5 favorite in a fight that seems almost certain to attract a 13,000 turnout and a \$30,000 gate since Terranova has announced he'll fight in "clawing, scrambling, climbing wildcat style."

## STENGLE COMES EAST FOR A CONFERENCE

Glendale, Calif., May 5—(P)—Casey Stengel, veteran major league baseball manager and former pilot of the Boston National League club, left here today for what he said was "a baseball conference somewhere in the middle west."

Stengel would not discuss a newsman's question concerning whether he had received an offer to manage the Chicago Cubs, nor would he say he was going directly to Chicago.

Jimmy Wilson, former manager of the Philles and a World Series star with Cincinnati, left the Cubs recently and the Wrigley team now is being handled temporarily by Roy Johnson.

## MOOSE LEAGUE

In the semi-finals roll-off for the Moose League championship last evening Texas Lunch took three from Oscars. W. Olson had 208 for high single. Incidentally Oscars had forty splits in the match. Texas goes into the finals this evening. The team totals: Oscars . . . . .786 780 786  
Texas . . . . .789 783 829

### Legislature Sets Record For Harmony

(From Page One)  
Legislative leaders of both parties surrounded Martin as he affixed his signature, with a flourish, to the bills at 1:17 p. m.

The senate also gave final approval to a proposed amendment to the constitution giving the assembly power to fix the terms of members of election boards. It must be approved by another legislature before being submitted to a referendum vote.

Drawn to strip all possible red tape from soldier voting, the program eliminates personal registration by servicemen and women, sets up machinery to gather their names and addresses for automatic mailing of ballots and extends to 105 days the time allowed for receipt and return of ballots.

Unexpected Democratic help, meanwhile, brought senate confirmation of Governor Martin's appointments of state parole board members, Henry C. Hill, Camp Hill; Theodore H. Reiber, West View, and Milk Commissioner H. N. Cobb, Towanda.

The Democratic minority clung to its opposition to confirmation of John M. McKee, Camp Hill, milk commission chairman, and Leo Abernathy, Pittsburgh, Labor Relations Board member.

## With the Movies

By ROBBIN COONS

**HOLLYWOOD**—Real and unreal:

Dick Haymes, who plays Song-Writer Ernest Ball in "Irish Eyes Are Smiling," is a song-writer himself but a bashful one. Says he can't get up nerve to sing one of his own 40 or 50 songs on his own air show, is equally hesitant about asking his friend, Bing Crosby, to plug one. "It would put Bing on a spot," he says. "And I can't sing 'em on my own program—because I have to know the songs I pick are good. And how can I know about my own?"

Sight: blonde, leggy Chill Williams, the girl who won fame on a single picture—and a still picture at that—lugging a huge carton full of fan mail to a desk, excited but sighing: "There are a hundred letters in each of those packs, and the postage on my answers will break me. . . . I counted up to a hundred packs, which is as high as I like to count, and handed over my crying towel. . . . She'll be (in a small way) in "Having Wonderful Time"—and Renie, the designer, is doing a new polka-dot bra for her. . . .

**NEW pictures:** "The Uninvited" (Ray Milland, Ruth Hussey, Gail Russell, a newcomer; Cor-

nelia Otis Skinner) may start a cycle of ghost stories on the screen, but it's in a class by itself for spooks—even if you don't believe in 'em.

"Days of Glory" (Gregory Peck, Tamara Toumanova, Maria Palmer) introduces a whole cast of new talent, mostly excellent, and does for the Russian cause what "The North Star" tried to do—though I suspect that it will make the grade as a torrid love story rather than on its other merits. Peck and Toumanova are both "in" as potential favorites. . . . but is it a law that pictures about Russia have to introduce the "guerrilla oath" at the most ridiculous moments? . . .

**FRED MACMURRAY** was "blowing" his lines for "Practically Yours," and try as he would the speech wouldn't come out right. Mitchell Leisen, for a gag, had the lines copied on a blackboard—such as John Barrymore used in his later days—and set it up on the camera platform. "No, sir!" MacMurray protested. "I've carried on without one of those things for ten years and I'm not going to start now." Then he grinned. "Besides," he said, "I can't read it without my glasses."
